

Animal Testing Persuasive Essay Outline

I. Introduction

II. Thesis statement:

Despite advances in technology, more than 100 million animals are harmed and killed in out-dated and barbaric scientific and commercial experiments conducted in labs throughout the world. Animal experimentation is cruel, unreliable, and dangerous and needs to be banned everywhere because of its damaging consequences.

III. Body - Effects of Animal Testing

- Many animals are locked in small cages in labs like prisoners
- They live in isolation, deprivation, and misery.
- They have terror for painful procedures that will be performed on them without any painkiller.
- They can be burned, undergo repeated surgeries, addicted to drugs, drowned, starved, brain-damaged, poisoned, force-fed with chemicals, and much more.

As a result, almost all of the poor living beings will be killed. Such tests bring wrong results and are unsafe for humans. These experiments are just a waste of money and resources because there are innovative alternative methods that are faster, cheaper, and safer for humans and the environment.

IV. Solution for Animal Testing

- Boycott companies that torture animals in inhumane experiments.

IV. Conclusion

A. Restate why animal testing is an issue

B. Call-to-action
